**A TorqueBox® brand reduction gearbox comes with a full Two-Year Unlimited Mileage Warranty. The warranty registration form needs to be filled out online as soon as the unit has been installed. Without this warranty form onfile, the factory must use the original purchase date in any warranty consideration.**

**The warranty covers the repair or replacement of the unit(s) that were properly installed and lubricated. This warranty does not in any way cover labor, towing or any other charges including freight charges.**
